RETRO GLASS

ESSIS

BY LASILINKKI

Design by designer and interior designer
Minna Haapakoski

The pattern side of the retro surface is
elevated and vibrant, the other side of the
glass is smoother. Made by hand in our
workshop in Kuopio. Tempered glass doors
and walls withstand moisture and strong
temperature fluctuations.

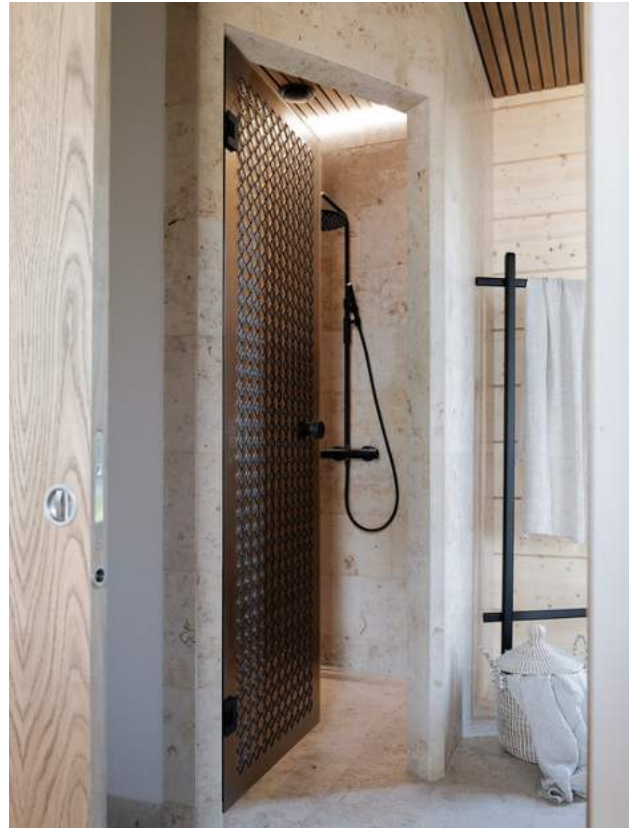

The black or wood-finished wooden handle is also designed by Haapakoski Minna. They are handmade by Asemakylän verstaas. The wooden handles have a flat and concave surface.
