STRIPED GLASS

-Made by us to you

ESSIS

BY LASILINKKI

WITH OUR STRIPED GLASSES
YOU CAN IMPLEMENT VERSATILE
INTERIOR DESIGN SOLUTIONS

Striped glass is ideal for shower and sauna rooms, intermediate doors, glass walls and glass sliding doors. Striped glass is also great for public spaces, among other things as glass fixtures and furniture.

STRIPED GLASS -HANDMADE

Melted striped glass is made by hand in our workshop in Kuopio.

The striping is vivid and rises clearly from the surface of the glass, the other side of the glass is smoother. The shape of the strip comes from the surface of the glass approx. 3mm.

There are 8 basic colors, ask for special colors separately.

The melted textured glasses are made by hand and then tempered. As a result, the glass may have a slightly uneven surface as well as a slight curvature.

The difference between clear and optiwhite glass is that clear glass turns green at the edges, Optiwhite does not (pictured below).

STRIPED GLASS -HANDMADE

If you want luxury in your bathroom, why not update your space with one of our striped glasses?

Melted striped glass is also suitable for bathrooms and gives privacy to the space, still letting light flow through it.

Shower screens/walls are available with different kind of fixtures.

There is also a possibility to sandblast the glass to give it a more satin look to it.

By custom order, max. height 2450 mm, max width 1450 mm.
